**Athletes in S.E. ASIA are aware that the ABBF & WBPF Are NOT part of the IFBB, they have been told and understand this.**

**There are however members of the IFBB who live in S E Asia and are trying to confuse the matter by attempting to organize illegal competitions. They will not succeed because ASEAN is solid as a rock.**

Subject: Cambodian Bodybuilding & Fitness Federation

Dear Ingrid,

Firstly after reading your profiles on various websites your achievements and credentials are to be commended. You seem to know a lot about bodybuilding, congratulations.

I was forwarded your email that you sent to an athlete and also executive member [Public Affairs Manager] of the Cambodian Bodybuilding & Fitness Federation [CBBFF] Mr. Ly Chung [Rocky]. The ABBA is an affiliation of the CBBFF whereas the CBBFF is the only legitimate federation recognised by all levels of authorities in the Kingdom of Cambodia.

I must express that I am somewhat disappointed with the content and comments as it does not deal with facts.

Which athlete have you been talking to and who is his President? If he is the President, then who am I?

My name is Rasmey Sokmongkol, I am the newly elected President/Treasurer of the CBBFF. To my knowledge no athlete has made any arrangements to meet any IFBB officials.

The CBBFF's position is very clear, we are under the leadership of the ABBF & WBPF. In the past and will do so in the future.

Yours sincerely,

Rasmey Sokmongkol [Raz]  
President/Treasurer  
CBBFF
